Spesifikasi lampu menara ini sebagai berikut:

1. model: TX-LB-01(L)
2. power supply: solar power supply
3. power frequency: DC supply
4. avarage power: ?2.6 watt
5. solar panel power: 10 watt

6. emitted color: red
7. light source: LED
8. shell material: stainless steel
9. light source lifespan: ?200000h
10. surge protection grade: 3KA
11. rainproof: can be exposed to rain in any wind direction
12. radiation: can be exposed to solar radiation
13. seismic resistance: 10~500Hz, 2G, 10min /cycle, XYZ60 minutes for each axis
14. mean time between failure: ?200000h, MIL-HDBK-217F (25°C)
15. effective intensity: night 32,5cd
16. photocell stage: 50/100Lux
17. vertical divergence: >10°
18. horizontal output: 360°
19. overall size: 385*370*310 mm (L*W*H)
20. installation size: 80*80*M8 mm
21. battery power: 12V 14Ah
22. ambient temperature: -25°C ~ +65°C
23. weight: 6,5kg
24. wind load: 240 km/h
25. luminous mirror material: optical PC
26. protection grade: IP68
27. salt spray: can be exposed to salt spray
28. EMC standars: Emitted:EN55022 (CISPR22) class Aharmonic wave:EN6100-3-2-3)
29. altitude: ?5500m
